

2021 Pinwheels for Prevention Order/Commitment Form

Whether you need pinwheels this year or not, we invite you to complete this form so we can connect and support efforts across the state.

Every April, Prevent Child Abuse Oregon and partners come together for our annual Pinwheels for Prevention campaign to raise awareness and promote ways we can strengthen families in our communities. The pinwheel represents the carefree childhoods we want for all children, and the policies, programs, and initiatives that strengthen families.

Help us organize, support and promote activities across the state by completing this Commitment Form. Officially joining the campaign also gives you access to additional materials and resources that are not available to others. If you need pinwheels or other materials for the year, please fill out the Commitment Form as well as the Order Form found on page 2. Don't need to order materials this year? No problem, just complete the first page.
